THE PUBLIC SERVICE PENSION PLAN

- The public service pension plan is a "defined benefit" plan which provides a predictable, steady stream of retirement income for your lifetime.
- The defined benefit formula uses your highest average salary & pensionable service.

Other benefits include:

- **Survivor benefits**: provides an income for eligible spouse and children in the event of member's death.
- **Disability benefits**: immediate unreduced monthly pension regardless of age when approved of permanent disability.
- Annual indexing: provides protection from inflation.
- **Portability:** possible eligibility to transfer pension credits when joining or leaving the public service.

- 2% per year to a maximum of 35 years (lifetime pension and bridge benefit)
- Average of 5 highest consecutive years of pensionable salary - includes performance pay
- Early retirement 5% reduction for every year prior to eligibility of an unreduced pension

IMMEDIATE ANNUITY (UNREDUCED PENSION)

- **Gr 1** (plan member before January 1, 2013):
 - 55 or older + 30 or more yrs of service, or
 - 60 or older + 2 or more yrs of service
- **Gr 2** (plan member on or after January 1, 2013):
 - 60 or older + 30 or more yrs of service, or
 - 65 or older + 2 or more yrs of service)
- Medical retirement: Any age with 2 or more years of pensionable service and permanently disabled as certified by Health Canada

| 2% (lifetime + bridge) | Х | Pensionable Service (years and days) | Х | Highest Average Salary* (5 best consecutive years) | /12 = | Monthly Pension |

This benefit "Bridges" your pension until you reach age 65 or CPP/QPP Disability

PENSION BENEFIT ADJUSTMENTS

- Processed as a result of a pay rate change ex.: an EX who retired after April 1, 2018 will have their pension amount revised once new rates of pay are approved (includes any retroactive performance pay)
- Adjustments are retroactive to the date of pension eligibility

Pension prior to adjustment:

Best 5 year average \$128,040

2% x 30 x \$128,040 /12 = \$6,402

Pension after adjustment:

Best 5 year average \$135,000

2% x 30 x \$135,000 /12 = \$6,750

Gross increase of \$348 a month

EARLY RETIREMENT OPTIONS

| Age | Pensionable Service | Lump Sum Payment |
|------------------------------|------------------------|----------------------------|
| Any | Less than 2 years | Return of Contributions |
| Younger than 50 (55 Gr 2) | 2 or more years | Transfer Value |

TRANSFER VALUE

TERMINATES PRIOR TO AGE 50 (55 GR 2)

- The TRANSFER VALUE (TV) represents the projected amount you would need to invest today to provide a future benefit similar to the public service pension you earned.
- The assumption rates used are based on short & long-term bond yields; not on consumer interest rates (i.e., bank lending rates)
- When overall rates increase, the TV decreases. You need a smaller up-front investment to generate your projected pension amount.
- Similarly, when rates decrease, the TV increases. You need more up-front to generate the same return over time.
- After a TV is paid, all investment risk is your own and you will no longer be
 entitled to a future monthly pension, survivor benefits, health, dental,
 regular supplementary death benefit and Post Retirement Life Insurance.
- Your option is irrevocable!

TRANSFER VALUE - PAYMENT OPTIONS

| Amount within tax limit | Amount in excess of tax limit |

NOTE: Periods of part-time employment will affect the calculation.

DEFERRED ANNUITY (UNREDUCED PENSION)

This option allows you to **defer your monthly pension** payments until eligible to an unreduced pension at 60 (65 Gr 2)

Ex. Retiring at 52 with 28 yrs of service but choose a Deferred Annuity:

- Monthly Pension calculated as follows:
 2% x 28 yrs x 5 Year Average Salary = Annual Pension/12
- Unreduced pension payable when you turn 60 (65 Gr 2)

Public Service Health Care Plan (min. 6 years pensionable service) and the Pensioner's Dental Care Plan are available when your pension becomes payable.

INDEXING

- Annual cost-of-living increase
 - 2023 = 6.3%
- Applicable January 1st of each year
- Accumulated from the first full month following termination. Ex.:
 - If you retire in May 2023, indexing accumulates from June to December 2023. The prorated percentage (7/12 x %) would be applied to your pension in January 2024.
 - If you retire in December 2023, your indexing accumulates from January to December 2024 and full indexing would apply January 2025.
- Each year thereafter, the full percentage increase will be added to your monthly pension.

INDEXING

- Indexing Rate for 2023: 6.3%
- Termination May 15, 2022
 Pro-rated at 7/12 x 6.3%

First increase January 2023 = 3.675%

SURVIVOR BENEFITS

LEGAL SPOUSE OR COMMON-LAW PARTNER

- ✓ Legally married before you left the public service = automatic eligibility
- ? Common-law = eligible if:
 - your cohabitation in a conjugal* relationship started before you left the public service, and
 - you lived together for at least one year before your death, and
 - you lived together without interruption until your death.

*A conjugal relationship is one where individuals are financially, socially, emotionally interdependent– where residence, family and related responsibilities are shared, where there is public representation of a committed relationship, etc.

DOCUMENTATION FOR SURVIVORS

Keep your personal information updated with the Pension Centre.

Information we need:

- □ Proof of marital status (i.e., marriage or divorce certificates)
- □ Survivor's contact information
- □ Copies of birth certificates for your survivor and proof of FT studies for children 18 25

Recommendation (common-law relationship):

Set aside records regularly for your partner to demonstrate that your relationship met the established criteria. Ex:

- dated letters that were addressed to either or both of you at a common address
- Mortgage or rental statements, banking, insurance, real estate, or rental records
- medical, prescriptions, or hospital records
- bills, receipts, or contracts
- records such as drivers license, tax, electoral or census records,
- envelopes from cards that were mailed to you, with a visible post-mark
- may complete and send in a *Statutory Declaration* form (PWGSC 2016), which can help document your relationship's start date.

SURVIVOR BENEFITS

Monthly amount, payable for the life of the survivor

50% of the unreduced pension benefit you would have received before age 65

Relationship existed **prior** to termination

SURVIVOR

SEPARATION OR DIVORCE

- ✓ As long as you remain **legally married**, that spouse continues to be eligible for a survivor pension even if you are separated.
- × If **divorced**, the ex-spouse is **not** eligible.
- × A common-law relationship must be continuous from prior to your retirement until your death. If the relationship is/was broken, the common-law spouse is **not** eligible.
- ✓ If you have both a legal spouse and an eligible common-law spouse at time of death, the survivor benefit will be apportioned between them accordingly to the length of their respective relationship with you.

OPTIONAL SURVIVOR BENEFIT

If you marry after retirement, you may elect to provide your spouse with a benefit by taking a reduction in your own pension.

- The reduction would be a fixed percentage of your basic monthly pension including any amount being paid out of the Retirement Compensation Arrangement.
- This option must be made within one year of marriage or one year from the commencement of your pension, whichever is later.
- Different levels of survivor coverage are available (30%, 40% or 50%).
- Your original pension will be re-instated on a go-forward basis, if you divorce or your survivor dies before you.

SURVIVOR BENEFITS

CHILDREN

In the event of death, children under age 25 may be eligible for a monthly benefit payment. To qualify for a benefit:

- ✓ child must be under age 18, or
- ✓ full-time student aged 18 to 25

The allowance per child is 10% of the unreduced pension, to a maximum of 40%.

If you have more than 4 children, the maximum allowance is shared equally between them.

If there is no surviving spouse, the child allowance is 20% of your pension per child, up to an 80% maximum.

SURVIVOR

MINIMUM BENEFITS

- If you pass away with **no eligible survivors**, a lump sum is paid to your Supplementary Death Benefit beneficiary.
- If you've not named a beneficiary, the payment is sent to your estate.
- This payment is considered taxable income

Lump sum is the greater of: Return of Contributions plus interest

or

Five years of unreduced pension

Less

Any pension amounts already paid
